Dear Mr. Chairman,

This letter is to confirm AT&T's statement to your Township attorney, Douglas Winters, and Planning Consultant, Laura Kreps, that we hereby remove ourselves from the Planning Commission agenda of September 15 at 6:30pm.

As stated to your attorney and planner, we are focusing on moving the site further west, which would be further back on the property. We are also examining other matters, including the projected height of the tower.

Please direct all correspondence or phone calls to myself or to AT&T's outside zoning counsel, Steven Wells, who can be reached at 248.258.7074.

Respectfully submitted,

Judd A. Chaille
Agent for AT&T Wireless
