Approved Agenda

Ray-Motion to approve October meeting minutes; seconded by Scott

Ron-discussed test at Darling Property

1. Soil boring test went well, results as expected, no big problems
2. Infiltration test need specific placement on plot. May assume worst case and allow 20% larger retention pond.
3. May need to bring in different dirt for foundation

Bill-had meeting with Washtenaw County Road Commission

1. Entrance to station needs to be 460' from intersection
2. Turn lane, traffic light, roundabout may be required

Chief-just received this information, wishes meeting would have included a member of the station committee. Will not proceed until information is clarified.

Could zoning be an issue? Are municipalities exempt?

Ray to make contact on zoning to get more information.

Purchase property will not proceed until checking with road commission

Is there anything else that can hold us up?

1. Financing is being worked on by Belynda
2. Chief- said per grant writer there are no grants available for stations

Special meeting of the township will be Friday, November 10 at 7pm, the plan is to proceed with purchase pending results of meeting with road commission.
